Hi Hallie.

The EPA is continuing to evaluate the approximately 45,000 comments received during the public comment period for the draft NPDES permit and draft NEPA evaluation. A permit decision is likely coming within the next four months. I can not provide any timeline beyond that estimate at this point.

The USACE contact for the Section 10 permit is Katy Damico (813.467.6603, Katy.R.Damico@usace.army.mil).

Let me know if you need more information. Feel free to contact me at any time.
